

A2L COMPLIANT PRESSURE SWITCHES

MAKE ~~THE~~ SWITCH. To A2L Compliance

World Magnetics' new A2L compliant version of pressure and vacuum switches provide fully safe and sustainable solutions for your refrigerants needs.

The A2L compliant version of our PSF103 and PSF109S switches offer an environmentally sealed housing and durable microswitches:

- Non-Flammable Alternatives in Harsh Environments
- Maintains End-Product Performance, minimal redesign
- Low Environmental Impact, Improve Energy Efficiency

Industries & Applications

HVAC - Heating/
Ventilation/Air
Conditioning

Commercial
Food Service

Appliance - Industrial/
Commercial/ Kitchen/
Home

World Magnetics provides refrigerant switch solutions capable of balancing concerns about serviceability, lifecycle costs, application flexibility, and sustainability.
